President Medical Center

WEB DESIGN

This is a project to redesign the old site of President Medical Center's Website.

The screenshot shows the homepage of the President Medical Center website. At the top, there is a navigation bar with links for HOME, ABOUT US, FACILITIES, DOCTORS, EVENTS, and CONTACT. Below the navigation bar is a banner featuring three images: an exterior view of the building, a group photo of staff, and a receptionist at the counter. The text "WELCOME TO PRESIDENT MEDICAL CENTER" is displayed, followed by a brief description of the clinic's purpose and services. At the bottom of the page is a footer with social media icons and a copyright notice.

The screenshot shows the "ABOUT US" page of the website. It features a section titled "MOTTO" with the text "We Cure as We Care". Below that is the "VISION" section, which states "Creating quality, reliable and independent health services in every province in Indonesia". The "MISSION" section lists four points: 1. Help improve the health level of the community in general and families in particular, as well as improve the health level of employees by referring to the principles of work safety. 2. Develop and innovate health service concepts that are in line with technological developments. 3. Serve with friendliness, family but still adhere to professionalism. 4. Provide health personnel and facilities to support health services. To the right of the text is a large group photo of staff members.

The screenshot shows the "DOCTORS" page of the website. It displays profiles for four doctors: DR. HENI HANJAYANI (SKINCARE), DR. IRAWAN HARI NUGROHO (GENERAL PRACTITIONERS), DR. ADILA (GENERAL PRACTITIONERS), and DRG. AYUDATIA NURAZIZAH (DENTIST). Each profile includes a circular photo of the doctor, their name, a short bio, and social media links. The page also features a footer with social media icons and a copyright notice.

The screenshot shows the "HOME" page of the website. It features a large "WELCOME TO PRESIDENT MEDICAL CENTER" header and a "WE CURE AS WE CARE" tagline. Below the tagline is a prominent "BOOK APPOINTMENT" button. To the right is a large image of the building's exterior. The page also includes a footer with social media icons and a copyright notice.

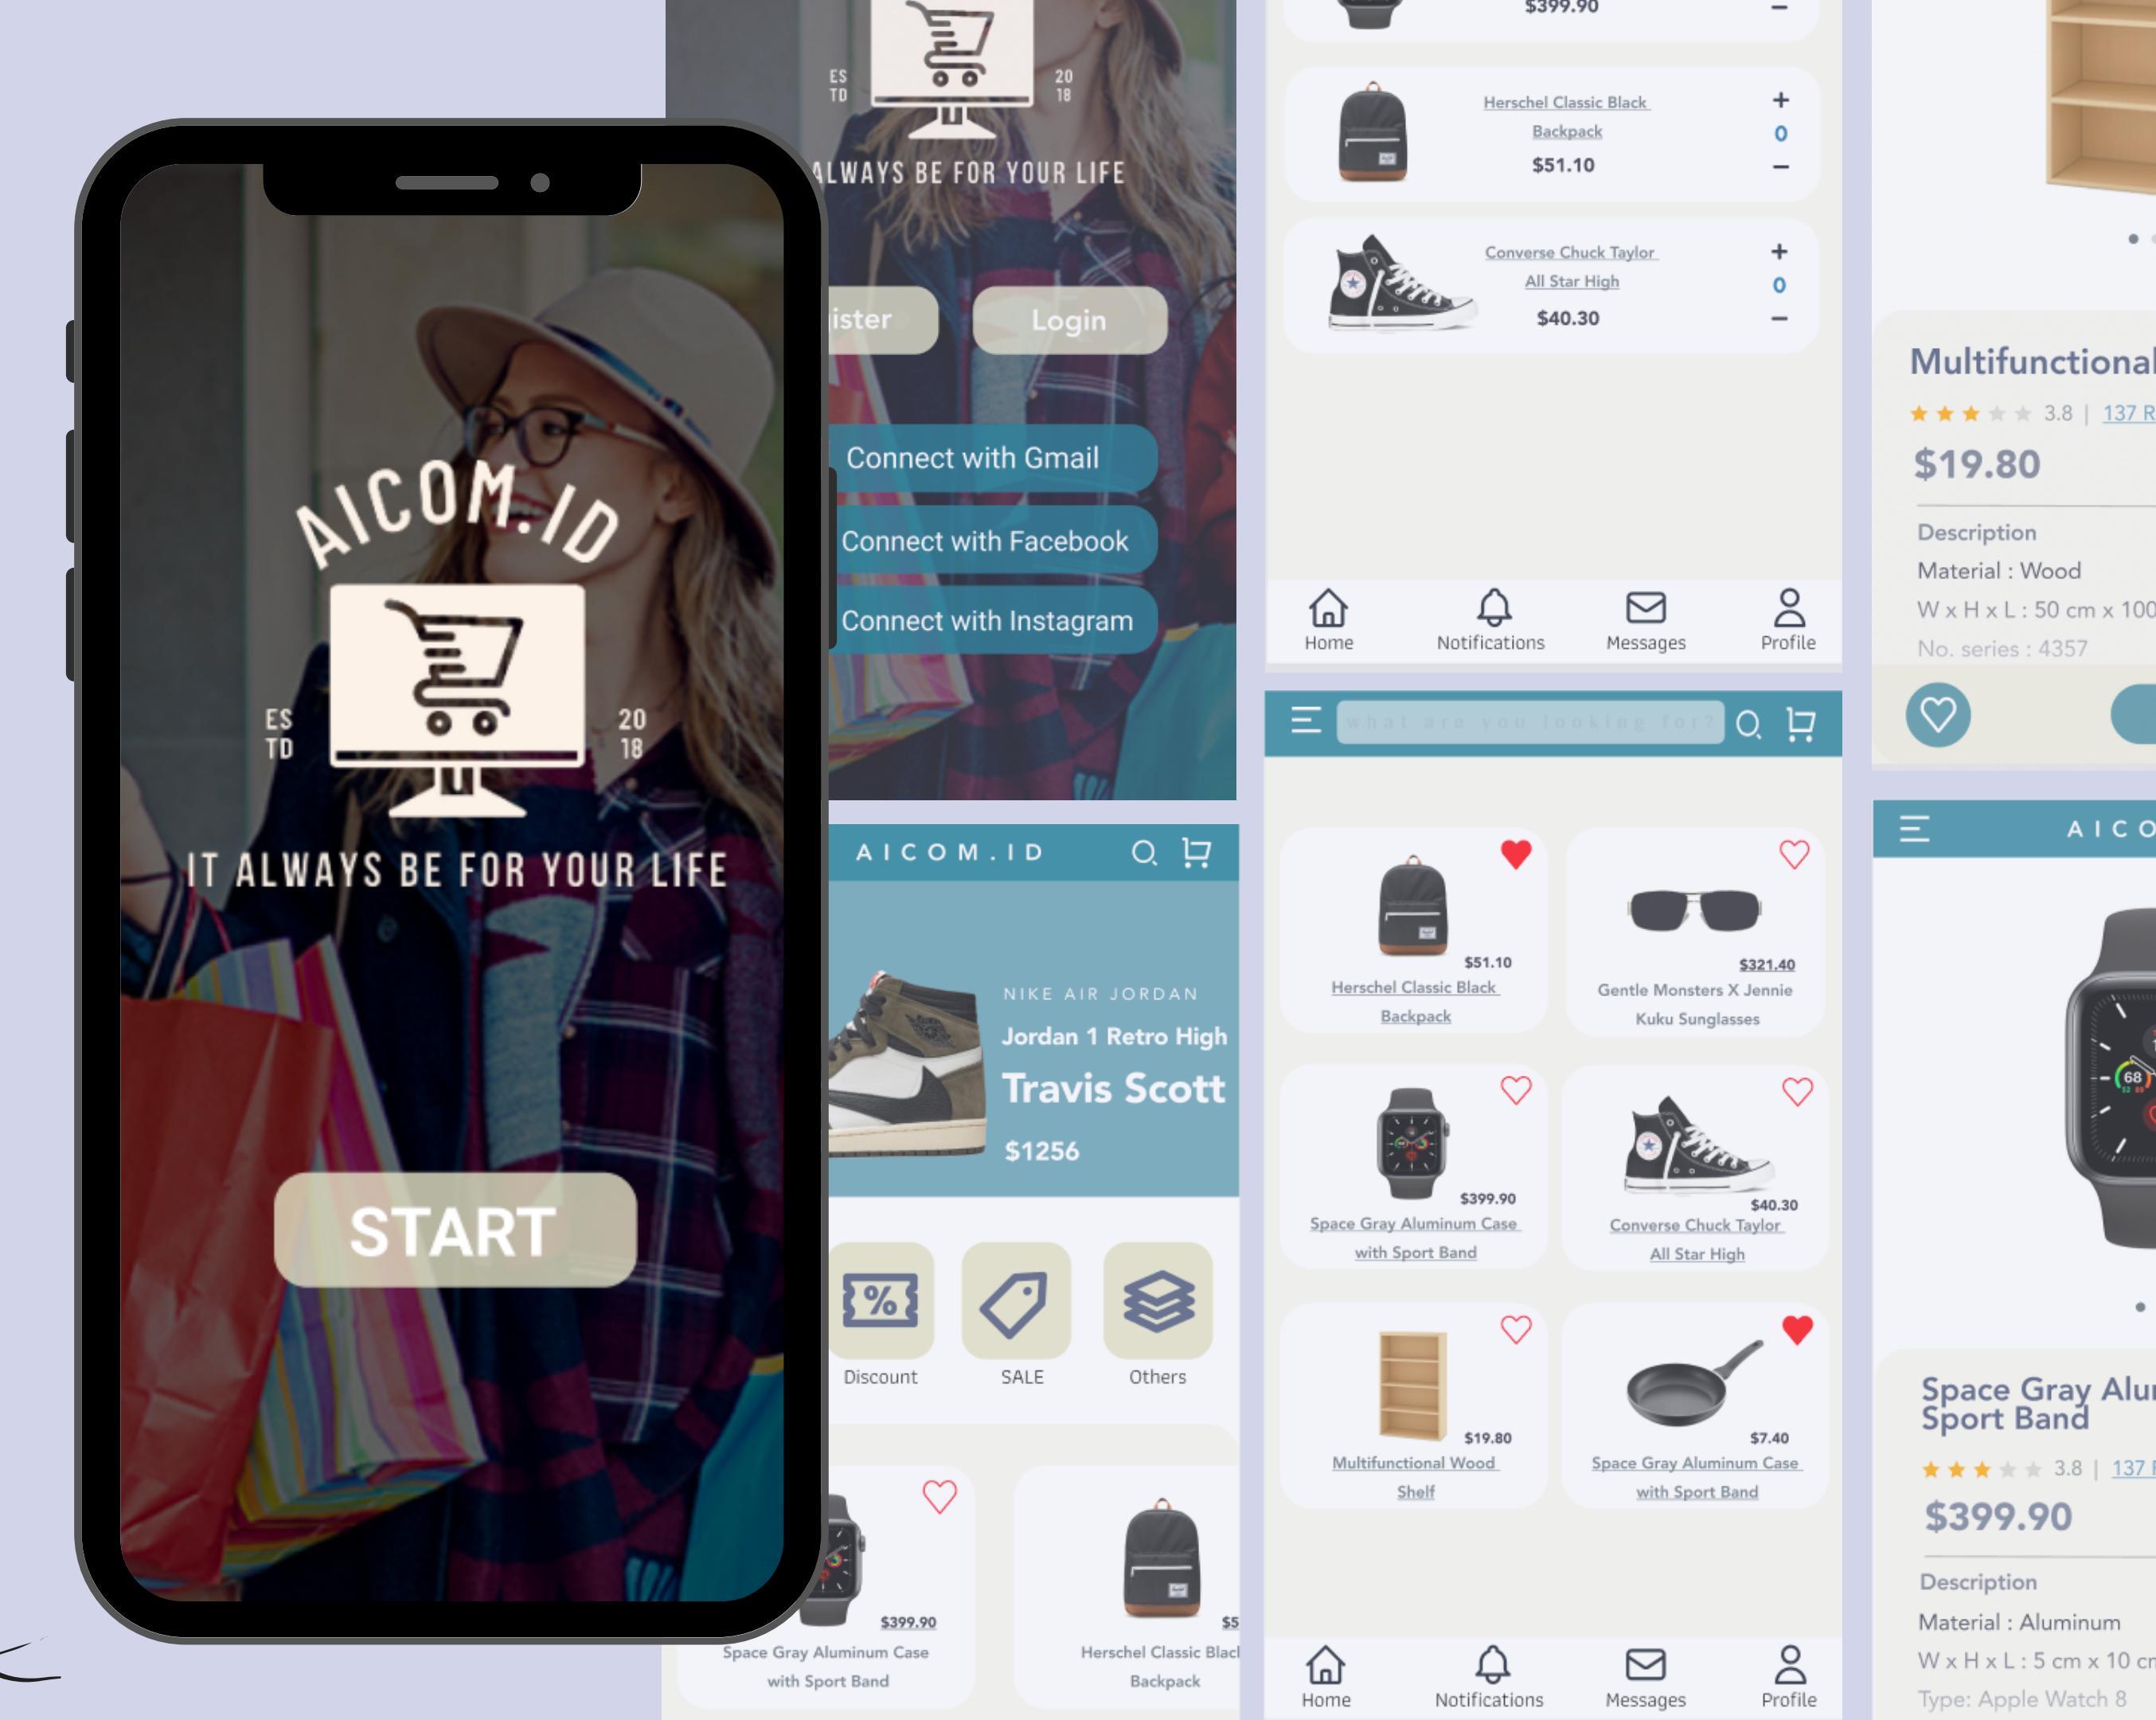

The screenshot shows the "FACILITIES" page of the website. It features sections for "GENERAL MEDICINE" (showing a doctor examining a patient), "LABORATORIUM" (showing a lab technician working), "DENTAL" (showing a dental professional), and "PHARMACY" (showing pharmacists). Each section has a small image and a title. The page also includes a footer with social media icons and a copyright notice.

AICOM.ID

MOBILE APPLICATION

This is my current project to develop an e-commerce mobile user interface.

Actually, this project is still being developed
